FOREWORD

The Government of Kenya (GoK) is committed to ensuring that policy objectives for Education, Training and Research meet the aspirations of the Kenya Constitution 2010, the Kenya Vision 2030, National Curriculum Policy 2019, the United Nations Sustainable Development Goals (SDGs) and the Regional and Global conventions to which Kenya is a signatory.

Towards achieving the mission of Basic Education, the Ministry of Education (MoE) embarked on a reform process that culminated in the adoption of a Competency Based Education (CBE) system in 2017. This came after extensive research, stakeholder engagement international benchmarking and consideration of the 21st Century socio-economic realities. CBE in Kenya adopted a 2-6-3-3 structure where the numbers indicate the years learners take at various levels in Basic Education (Pre-Primary, Primary, Junior School and Senior School; respectively). CBE has for critical elements: The Competency Based Curriculum (CBC), Pedagogy (teaching and learning), Resources and the Competency Based Assessment. The MoE oversees the provision of resources while the other components (Curriculum, Pedagogy and Assessment) are handled by the Kenya Institute of Curriculum Development, (KICD), Teachers Service Commission, (TSC) and the Kenya National Examinations Council (KNEC); respectively.

KICD has successfully developed curriculum designs that have been used in the implementation of the Competency Based Curriculum (CBC) for the Pre-Primary, Primary and Juniors School levels. The first cohort of learners pursuing the CBC will transit to Senior School (Grades 10-12) in 2026. The curriculum designs at this level are expected to facilitate learners to acquire relevant knowledge, skills, values and attitudes (competencies) in preparation for tertiary education and the world of work. I urge all agencies of the GoK and other stakeholders in Education to use the designs to plan for effective and efficient implementation of Competency Based Education.

MR. JULIUS MIGOS OGAMBA
CABINET SECRETARY,
MINISTRY OF EDUCATION

i

PREFACE

The Ministry of Education (MoE) through the State Department for Basic Education, has been implementing the Competency Based Education (CBE) since the adoption of the *Basic Education Curriculum Framework* (KICD, 2017) during the national convention in January 2017. The Kenya Institute of Curriculum Development (KICD) developed Competency Based Curriculum (CBC) designs that were used for pilot studies in 2017 and 2018 before the roll-out at Pre-Primary and Primary Early Year (Grades 1 to 3 in 2019). The curriculum was then introduced in the subsequent grades through a *phase in –phase out* strategy, to ensure a smooth transition. Currently, the first cohort of CBC learners are at Grade 9 – the last grade at Junior School. The implementation of CBE has since benefited immensely from the recommendations of the *Presidential Working Party on Education Reforms* (PWPER) that were released in August, 2023 and fully implemented, in terms of curriculum designs.

Grade 10 is the entry class of the Senior School (SS) in Basic Education, a very critical level where learners shall have the opportunity to focus on pathways, tracks and subjects of their choices guided by the potentials demonstrated at earlier levels. The Senior School shall; therefore, form a foundation for further education and training and/or initial competencies for the Industry. This is an important step in the realisation of the Vision and Mission of the curriculum reforms as enshrined in the Sessional Paper No. 1 of 2019 whose title is: *Towards Realizing Quality, Relevant and Inclusive Education and Training for Sustainable Development in Kenya*.

The Grade 10 curriculum designs, like the designs for earlier levels, are anchored on the Kenyan National Goals of Education. They also present essence statements, general and specific expected learning outcomes as well as strands and sub strands for the learning areas. The designs also outline suggested learning experiences, key inquiry questions, core competencies, Pertinent and Contemporary Issues (PCIs), values and suggested assessment.

The Ministry of Education, through the State Department for Basic Education commits to provide resources and relevant guidelines for a smooth implementation of the CBC. It is expected that the designs will guide teachers to effectively facilitate learners to attain the expected learning outcomes for Grade 10 specifically and Senior School in general.

AMB. PROF. JULIUS BITOK, MBS
PRINCIPAL SECRETARY
STATE DEPARTMENT FOR BASIC EDUCATION
MINISTRY OF EDUCATION

ii

ACKNOWLEDGEMENT

The Kenya Institute of Curriculum Development (KICD) Act Number 4 of 2013 (Revised 2019) mandates the Institute to develop curricula, programmes and curriculum support materials for Basic and Tertiary Education and Training. The curriculum development process involves research, international benchmarking and robust stakeholder engagement. Through a systematic and consultative process, the KICD conceptualised the Competency Based Curriculum (CBC) as captured in the *Basic Education Curriculum Framework* (KICD,2017), that responds to the demands of the 21st Century, the United Nations Sustainable Development Goals (SDGs), African Agenda 2063, East African Community Protocol and the aspirations captured in the Kenya Constitution 2010 and the Kenya Vision 2030.

KICD receives its funding from the GoK to enable the successful achievement of the stipulated mandate and implementation of the Government and Education sector plans. The Institute also receives support from development partners targeting specific programmes. The Grade 10 curriculum designs were developed with the support of the World Bank and GoK through the *Kenya Primary Education Equity in Learning Programme* (KPEELP); a project coordinated by the MoE. Therefore, the Institute is very grateful to the GoK, through the MoE and the development partners (especially The World Bank) for support in terms of policy guidance, resource provision and capacity building. Specifically, I wish to express special thanks to the Cabinet Secretary-MoE and the Principal Secretary-State Department for Basic Education.

We also wish to acknowledge the KICD curriculum development officers and other staff, all teachers, educators who took part as panellists; the institutions that participated and representatives of various stakeholders for their roles in the development of the Grade 10 curriculum designs. In relation to this, we acknowledge the support of the Chief Executive Officers of the Teachers Service Commission (TSC), the Kenya National Examinations Council (KNEC) and other agencies in the sector for their support in the process of developing these designs.

Finally, we are very grateful to the KICD Council Chairperson and other members of the Council for consistent guidance and oversight. We assure all teachers, parents and other stakeholders that these curriculum designs will effectively guide the implementation of the CBE at Grade 10 and preparation of learners for transition to further education and training or the world of work.

PROF. CHARLES O. ONG'ONDO, PhD, MBS.
DIRECTOR/CHIEF EXECUTIVE OFFICER

iv

NATIONAL GOALS OF EDUCATION

Education in Kenya should:

1. Foster nationalism and patriotism and promote national unity.

The people of Kenya belong to different communities, races, and religions, but these differences need not divide them. They must be able to live and interact as Kenyans. It is a paramount duty of education to help young people acquire this sense of nationhood by resolving conflicts and promoting positive attitudes of mutual respect, to live together in harmony, foster patriotism and to make a positive contribution to the life of the nation.

2. Promote the social, economic, technological and industrial needs for national development.

Education should prepare the youth of the country to play an effective and productive role in the life of the nation.

a) Social Needs

Education in Kenya must prepare children for changes in attitudes and relationships which are necessary for the smooth progress of a rapidly developing modern economy. There is bound to be a silent social revolution in the wake of rapid modernisation. Education should assist our youth to adapt to this change.

b) Economic Needs

Education in Kenya should produce citizens with the skills, knowledge, expertise, and personal qualities that are required to support a growing economy. Kenya is building up a modern and independent economy that requires an adequate and relevant domestic workforce.

c) Technological and Industrial Needs

Education in Kenya should provide learners with the necessary skills and attitudes for industrial development. Kenya recognizes the rapid industrial and technological changes taking place, especially in the developed world. We can only be part of this development if our education system is deliberately focused on the knowledge, skills, and attitudes that will prepare our young people for these changing global trends.

3. Promote individual development and self-fulfilment

Education should provide opportunities for the fullest development of individual talents and personality. It should help children to develop their potential interests and abilities. A vital aspect of individual development is the building of character.

v

4. Promote sound moral and religious values.

Education should provide for the development of knowledge, skills, and attitudes that will enhance the acquisition of sound moral values and help children to grow up into self-disciplined, self-reliant, and integrated citizens.

5. Promote social equity and responsibility.

Education should promote social equality and foster a sense of social responsibility within an education system that provides equal educational opportunities for all. It should give all children varied and challenging opportunities for collective activities and corporate social service irrespective of gender, ability or geographical environment.

6. Promote respect for and development of Kenya's rich and varied cultures.

Education should instil in the youth of Kenya an understanding of past and present cultures and their valid place in the contemporary society. Children should be able to blend the best of traditional values with the changing requirements that must follow rapid development in order to build a stable and modern society.

7. Promote international consciousness and foster positive attitudes towards other nations.

Kenya is part of the international community. It is part of the complicated and interdependent network of peoples and nations. Education should therefore lead the youth of the country to accept membership of this international community with all the obligations and responsibilities, rights, and benefits that this membership entails.

8. Promote positive attitudes towards good health and environmental protection.

Education should inculcate in young people the value of good health for them to avoid indulging in activities that will lead to physical or mental ill health. It should foster positive attitudes towards environmental development and conservation. It should lead the youth of Kenya to appreciate the need for a healthy environment.

vi

THE SENIOR SCHOOL IN THE COMPETENCY BASED CURRICULUM

Senior School is the fourth level of Basic Education in the Competency Based Curriculum (CBC) that learners shall proceed to after the Pre-Primary School, Primary School and Junior School levels. The essence of Senior School is to offer learners a pre-tertiary/university/ pre-career experience in which the learners have an opportunity to choose pathways, tracks and subjects where they shall have demonstrated interest and/or potential at the earlier levels. Senior School comprises three years of education for learners generally in the 16-18 years age bracket and lays the foundation for further education and training at the tertiary level and the world of work. In the CBC vision, learners exiting this level are expected to be *engaged, empowered and ethical citizens* ready to participate in the socio-economic development of the nation.

At this level, learners shall take seven (7) learning areas as recommended by the *Presidential Working Party on Educational Reforms* (PWPER, 2023). These shall comprise **four compulsory learning areas** namely: English, Kiswahili, Essential Mathematics/Core Mathematics and Community Service Learning (CSL). Learners will choose between Core Mathematics (for learners pursuing the Science Technology Engineering and Mathematics Pathway) and Essential Mathematics (for learners pursuing the non-STEM pathways). The learner will select three learning areas depending on their career choice, aptitude, interest and personality with guidance by the career teacher at Senior School.

LEARNING OUTCOMES FOR SENIOR SCHOOL

By the end of Senior School, the learner should be able to:

1. Communicate effectively and utilise information and communication technology across varied contexts.
2. Apply mathematical, logical and critical thinking skills for problem solving.
3. Apply basic research and scientific skills to manipulate the environment and solve problems.
4. Exploit individual talents for leisure, self-fulfilment, career growth, further education and training.
5. Uphold national, moral and religious values and apply them in day-to-day life.
6. Apply and promote health care strategies in day-to-day life.
7. Protect, preserve and improve the environment for sustainability.
8. Demonstrate active local and global citizenship for harmonious co-existence.
9. Demonstrate appreciation of diversity in people and cultures.
10. Manage pertinent and contemporary issues responsibly.

vii

LIST OF SUBJECTS AT SENIOR SCHOOL

Core Subjects	Arts & Sports Science	Social Sciences	Science, Technology, Engineering & Mathematics (STEM)
1. English 2. Kiswahili/KSL 3. Core Mathematics/ Essential Mathematics 4. Community Service Learning (CSL)	5. Sports and Recreation 6. Music and Dance 7. Theatre and Film 8. Fine Arts	9. Literature in English 10. Indigenous Languages 11. Fasihi ya Kiswahili 12. Sign Language 13. Arabic 14. French 15. German 16. Mandarin Chinese 17. Christian Religious Education 18. Islamic Religious Education 19. Hindu Religious Education 20. Business Studies 21. History and Citizenship 22. Geography	23. Biology 24. Chemistry 25. Physics 26. General Science 27. Agriculture 28. Computer Studies 29. Home Science 30. Aviation 31. Building Construction 32. Electricity 33. Metalwork 34. Power Mechanics 35. Wood Technology 36. Media Technology 37. Marine and Fisheries Technology

Note:

- a) Physical Education (PE) and Information Communication and Technology (ICT) will be offered to all learners to facilitate learning, enjoyment and acquisition of life skills.
- b) Every school shall offer Pastoral/Religious Programme of Instruction (P/RPI) to enhance moral, spiritual and character development of the learners.
- c) There shall be One lesson for personal or group study to deepen knowledge and enhance skills in areas of choice by the learners.

Table 2 below provides guidelines on distribution of lessons at Senior School.

ESSENCE STATEMENT FOR HISTORY AND CITIZENSHIP

The History and Citizenship curriculum in Senior School is designed to help learners understand the world by building on four broad thematic strands. It emphasizes social justice, governance, civic responsibility, and the evolution of societal norms. Through studying historical events, learners learn to analyse human behaviour and understand the impact of past decisions. This approach sharpens their critical thinking and prepares them to interpret the present with depth and empathy.

Citizenship education complements history by encouraging learners to become active, informed members of society. It teaches them about their rights and responsibilities, instilling a strong sense of civic duty. Through skills like dialogue, collaboration, and ethical decision-making, learners are equipped for participation in democratic life. This empowers them to not only understand society but also contribute meaningfully to it.

By exploring past struggles for justice and equality, learners find role models and lessons that encourage civic advocacy. Historical examples such as the abolition of slavery and the civil rights movement show how individuals can drive social change. These narratives inspire learners to stand against modern injustices and champion fairness. History thus becomes a tool for empowerment and ethical action.

The integration of History and Citizenship helps learners see the relevance of the past in shaping the future. This interdisciplinary approach fosters empathy, resilience, and responsible citizenship. Assessments further support this learning by focusing on both academic growth and social-emotional development. Ultimately, learners are prepared to face contemporary challenges with knowledge, purpose, and a strong sense of societal responsibility.

x

GENERAL LEARNING OUTCOMES FOR HISTORY AND CITIZENSHIP

By the end of Senior Secondary School, the learner should be able to:

1. Demonstrate a comprehensive understanding of key themes in Kenyan history and citizenship.
2. Explore Kenya's position in regional and global contexts, recognizing its contributions to peace-building, governance, and international cooperation.
3. Demonstrate a deep understanding of the diverse African Civilisations, their cultural contributions, and the historical processes of colonization, independence, and post-colonial transformation.
4. Critically analyse the social, political, and economic changes in African societies, recognizing the lasting impact of colonialism and the ongoing efforts towards African unity, development, and self-determination.
5. Examine the role of African citizens in promoting good governance, peace-building, and sustainable development, both at national and regional levels.
6. Analyse significant global events, such as revolutions, wars, and the rise of empires, and assess their impact on shaping modern societies, international relations, and world systems.
7. Examine key global movements and institutions that promote equality, democracy, and peace, and understand the roles of individuals and nations in addressing contemporary global challenges such as poverty, climate change, and conflict resolution.
8. Conduct research and analyse the major political, social, and technological transformations of the contemporary world.
9. Explore the impact of globalization, the rise of digital technologies, and the evolution of global economies, while understanding the role of contemporary social movements in advocating for human rights, equality, and environmental sustainability.
10. Exhibit an understanding of the responsibilities of citizenship in the modern world.
11. Recognise the role of individuals in democratic processes, social justice advocacy, and global governance, and actively engage in discussions on how to promote civic participation, social equity, and peace in their communities and the wider world.

STRAND 1.0: THEMES IN KENYAN HISTORY AND CITIZENSHIP

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.1 Introduction to History and Citizenship	By the end of the sub strand, the learner should be able to: - analyse the extent to which the different branches of History and Citizenship influence contemporary society, - classify sources of information on History and Citizenship in Kenya, - examine how the past historical information has shaped the modern History and Citizenship, - value the importance of studying History and Citizenship for	Learner is guided to: - brainstorm on how different branches of history (<i>e.g. political, social, economic</i>) and Citizenship (<i>political, social, economic, Legal and Environmental</i>) influence contemporary society, - outline the ways in which different branches of History and Citizenship influence contemporary society, - various sources of information on History (<i>Primary, secondary and tertiary</i>) and Citizenship (<i>Legal and Governmental Documents, International Declarations and Treaties, Media</i>), - use digital or print resources to categorise various sources of	- What are the sources of history and citizenship in Kenya? - How do primary and secondary sources differ in their usefulness and limitations when studying historical events? - How can digital tools and archives be strategically used to enhance access to diverse historical sources?

		posterity.	historical information on Kenyan history and citizenship, - engage a resource person to learn on how the past historical information has shaped the modern History and Citizenship, (avoid content (LGBTQ + rights movement)), - use charts or posters to explain the importance of studying History and Citizenship for posterity.	
Core Competencies to be developed: - Communication and collaboration: Skill of taking turns and sharing information is developed as the learner brainstorm on various sources of History and Citizenship, - Citizenship: Civic responsibility and awareness as the learner uses charts/posters to explain the importance of studying history and citizenship for posterity and present in class.				
Values: - Responsibility: as the learner engages a resource person to learn on how the past historical information has shaped the modern History and Citizenship, (avoid content (LGBTQ + rights movement)), - Unity: as the learner discusses and shares facts on how past historical information has shaped modern history and citizenship.				
Pertinent and Contemporary Issues (PCIs): Citizenship Education: as the learner brainstorm on how different branches of history (e.g. political, social, economic) and Citizenship (political, social, economic, Legal and Environmental) influence contemporary society.				

2

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.2 Linguistic groups in Kenya	By the end of the sub strand, the learner should be able to: - explore the causes of migration, settlement and expansion of Linguistic groups, - discuss the effects of migration, settlement and expansion of Linguistic groups, - trace the origin, migration routes and settlement areas of the linguistic groups in Kenya, - illustrate knowledge of how diverse communities promote socio-economic and political interactions in Kenya, - recognise the diversity of communities in Kenya.	Learner is guided to: - brainstorm on the identities of the linguistic groups in Kenya, - discuss and write on charts/posters the linguistic groups in Kenya, - investigate the causes of migration, settlement and expansion of the linguistic groups - use print or non-print resources to find out the effects of migration, settlement and expansion of Linguistic groups, - use an atlas to locate the origin, migration routes and settlement areas of the linguistic groups in Kenya, - showcase knowledge of how diverse communities promote the socio-economic and political relations in Kenya,(reflect	- How can you promote harmonious living among the diverse communities of Kenya? - What are the factors influencing migrations and settlement in the contemporary society?

3

			compose a song or poem on the diversity of communities in Kenya.	
Core competencies to be developed: - Communication and collaboration: speaking and sharing skill as the learner brainstorm on the identities of the linguistic groups in Kenya and share in class; - Citizenship: Civic responsibility and awareness as the learner showcase knowledge of how diverse communities promote the socio-economic and political relations in Kenya.				
Values: - Responsibility: sharing ideas collectively as the learner takes up the role of investigating effects of migration, settlement and expansion of the linguistic groups. - Unity: collaboration skill as the learner showcase knowledge of how diverse communities promote the socio-economic and political relations in Kenya.				
Pertinent and Contemporary Issues (PCIs): Citizenship Education: Ethnic relations and diversities as the learner composes a song or poem depicting the diversity of communities in Kenya.				

4

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.3 Establishment of colonial rule	By the end of the sub-strand, the learner should be able to: - examine the reasons for the establishment of colonial rule in Kenya, - evaluate the methods applied by the British to establish colonial rule in Kenya, - discuss the process of establishment of colonial rule in Kenya, - explore the extent to which colonial system of administration has influenced the contemporary form of government in Kenya, - desire to promote the sustainable self-rule in Kenya.	The learner is guided to: - use digital devices or print materials to research on reasons for the establishment of colonial rule in Kenya and present in class; - debate on the methods used by the British in the establishment of colonial rule. - watch a documentary on establishment of colonial rule Kenya and discuss the findings in groups, - develop a chart on the process of establishment of colonial rule and share in class, - use charts/posters to write information on the extent to which colonial systems of administration have influenced contemporary forms of government, - write key messages that promote the sustainable self	- How can we maintain independence in daily lives? - Which examples of colonial system of administration are practised in the society today?

5

			rule in Kenya (<i>civic engagement, community initiatives, and collaboration</i>).	
Core Competencies to be developed: - Digital literacy: skill of manipulating with technology is developed as the learner uses digital devices or print materials to research on reasons for the establishment of colonial rule in Kenya and present in class, - Self-efficacy: skill of effective communication as the learner debates the methods used by the British in the establishment of colonial rule.				
Values: - Unity: cooperation as the learner works with others to debate or watch a documentary methods used by the British in the establishment of colonial rule, - Social Justice: as the learner writes messages and take actions to promote the sustenance of independence and strengthen national unity in Kenya (<i>civic engagement, community initiatives, and collaboration</i>).				
Pertinent and Contemporary Issues (PCIs): - Safety and security: Online safety as the learner watches a documentary on establishment of colonial rule in Kenya and make notes, - Effective communication: as the learner debates on the methods used by the British in the establishment of colonial rule.				

6

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.4 Public Participation	By the end of the sub-strand, the learner should be able to: - categorise levels of public participation as enshrined the Constitution of Kenya(2010), - assess role of public participation in fostering constitutional principles, - analyse emerging issues that affect effective public participation and suggest appropriate solutions, - investigate into the best practices that promote sustainable public participation in Kenya, - embrace to support public participation in the society	The learner is guided to: - brainstorm on the concept of 'public' and the various levels of public participation as outlined in the Constitution of Kenya (2010) and make presentations, - discuss role of public participation in fostering constitutional principles(accountability, transparency, and inclusivity),and make presentations using available resources, - use print and non-print media to analyse emerging issues for effective public participation and suggest solutions, - engage a resource person to establish the best practices that promote sustainable public participation in Kenya	- Why should members of the society be encouraged to take part in public participation? - How public participation does connects with other constitutional rights (e.g., freedom of speech, access to information).

7

			and present the key points in class, hold a debate on the need to support public participation in society.	
Core Competencies to be developed: - Communication and Collaboration: the skills of active listening and public participation are developed as the learner holds a debate on the need to support public participation in society, - Learning to learn: the skills of interviewing and civic awareness are developed as the learner engage a resource person on applying best practices for promoting sustainable public participation(, and present the key points in class,				
Values: - Social Justice : as the learner uses print and non-print media to analyse emerging issues for effective public participation and suggest solutions, - Integrity: as the learner discusses role of public participation in fostering constitutional principles (accountability, transparency, and inclusivity).				
Pertinent and contemporary issues (PCIs): Civic responsibility: as the learner discusses opportunities provided for public participation for an ethical society.				

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.5 Political and Constitutional developments and challenges since Independence	By the end of the sub-strand, the learner should be able to: a) analyse major political and Constitutional developments in Kenya since Independence, b) discuss the major political and Constitutional challenges since independence, c) propose solutions to the major political and constitutional challenges in Kenya, d) develop activities that promote peaceful political environments in Kenya, e) embrace peaceful coexistence for	The learner is guided to: - use digital or print resources to establish major political and Constitutional developments in Kenya since independence (<i>Self-government of 1963, Establishment of a Republic status, merger of KANU and KADU, Repeal of section 2A of the Constitution, Referendum promulgation of the 2010, first Multi-party elections, 2013 General Elections and the New Government Structure,)</i> and present in class, - engage with resource person to find out major political and Constitutional challenges since independence (<i>political assassinations, One-Party State, land clashes, attempted coups, post-election violence, negative ethnicity</i>) and write summary points,	1. How can you promote peaceful coexistence in political activities in your community? 2. What solutions can you provide for challenges facing our society?

		harmonious living.	- hold discussions on possible solutions to political and Constitutional challenges in Kenya, - participate in activities that promote peaceful political environments in Kenya, <i>(include community and national level)</i>, - sing a song on peaceful coexistence for harmonious living.	
Core Competencies to be developed: - Critical thinking and problem solving: Active listening and communication skill as the learner participates in a discussions on possible solutions to political and Constitutional challenges in Kenya, - Citizenship: Active community life skills as the learner participate in activities that promote peaceful political environments in Kenya <i>(include community and national level)</i>.				
Values: - Patriotism: tolerance and respect for diversity is acquired as the learner participate in a discussion on the possible solutions to political and Constitutional challenges, - Social justice: Fairness and impartial decision making as the learner participate in activities that promote peaceful political environments in Kenya, <i>(include community and national level)</i>.				
Pertinent and Contemporary Issues (PCIs): - Respect for Human Rights: as the learner participates in activities that promote peaceful political environments in Kenya, <i>(include community and national level)</i>, - Rule of Law: as the learner engage with resource person to find out major political and Constitutional challenges since independence.				

10

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.6 Elections in Kenya	By the end of the sub-strand, the learner should be able to: - identify the guidelines governing elections in Kenya, - describe the roles and functions of IEBC in Kenya, - elaborate the electoral processes in Kenya, - enumerate measures taken by IEBC in curbing election malpractices in management of elections, - appreciate the roles and functions of IEBC in Kenya.	The learner is guided to: - use print and non-print materials to search for the guidelines governing elections in Kenya, - brainstorm on the roles and functions of IEBC in Kenya, - use charts/posters to enumerate the roles and functions of IEBC in Kenya, - role play the electoral processes in your school, - present in class the electoral processes in Kenya, - engage with a resource person to find out the measures taken by IEBC in curbing election malpractices in management of elections, - design messages on the roles and functions of IEBC	- Why are elections important? - Which values can citizens embrace to avoid election malpractices?

11

			in Kenya and display in class.	
Core Competencies to be developed: • Citizenship: social and civic skills as the learner role play electoral process in their school, • Creativity and imagination: Making observations as the learner design messages on the roles and functions of IEBC in Kenya and display in class.				
Values: • Unity: cooperation as the learner role play the electoral processes in their school, • Social Justice: Fairness as the learner engages with a resource person to find out the measures taken by IEBC in curbing election malpractices in management of elections.				
Pertinent and Contemporary Issues (PCIs): • Good governance :as the learner uses print or non-print materials to search for the guidelines governing elections in Kenya • Promotion of social cohesion as learner engages with a resource person to find out the measures taken by IEBC in curbing election malpractices in management of elections.				

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	1.7 National integration	By the end of the sub-strand, the learner should be able to: a) discuss the importance of national integration in Kenya, b) explain the components of national integration, c) appraise factors that promote and limit national integration for posterity, d) illustrate ways of enhancing national integration in Kenya, e) acknowledge the importance of national integration in Kenya.	The learner is guided to: • brainstorm on the importance of national integration and present in class, • use digital or print resources to identify the components of national integration and share, • watch documentaries or video clip on factors that promote and limit national integration, discuss and share in class, • use charts/posters to design ways that enhance national integration (<i>at school, community and national level</i>), • write essays/poems/songs/posters on the importance of national integration in Kenya in and out of school.	1. How can you enhance national integration in your school and community? 2. How can socio-economic factors contribute to national unity?
Core Competencies to be developed: • Critical thinking and Problem solving : Analytical and logical reasoning skills are developed as a learner use charts/posters to design ways that enhance national integration (<i>at school, community and national level</i>),				

- Digital literacy: interacting with digital resources to find out the components of national integration in Kenya, - Self-Efficacy: Confidence and initiative as learner uses charts/posters to design ways that enhance national integration (<i>at school, community and national level</i>).
Values: - Patriotism: adherence to law and order as the learner shares on ways of enhancing national integration. - Unity: cooperation is enhanced as the learner writes an essay/a poem/a song/a poster on the importance of national integration in Kenya in and out of school, - Peace: Conflict Resolution Skills are developed as the learner brainstorm on the importance of national integration and present in class.
Pertinent and Contemporary Issues (PCIs): Good governance: the learner embraces ethnic/racial relations and diversities as he/she brainstorm on the importance of national integration.

SUGGESTED ASSESSMENT RUBRIC FOR STRAND 1.0

Level Indicator	Exceeds Expectation	Meets Expectation	Approaches Expectation	Below Expectation
Ability to analyse the extent to which the different branches of History and Citizenship influence contemporary society,	Learner analyses in detail the extent to which the different branches of History and Citizenship influence contemporary society, while citing examples.	Learner analyses in detail the extent to which the different branches of History and Citizenship influence contemporary society.	The learner analyses in some detail extent to which the different branches of History and Citizenship influence contemporary society, but some aspects are lacking.	The learner analyses a limited extent to which the different branches of History and Citizenship influence contemporary society, but major aspects are lacking.

14

Level Indicator	Exceeds Expectation	Meets Expectation	Approaches Expectation	Below Expectation
Ability to examine how the past historical information has shaped the modern History and Citizenship,	Learner examines logically and in detail , how the past historical information has shaped the modern History and Citizenship.	Learner examines in detail , how the past historical information has shaped the modern History and Citizenship.	Learner examines in some detail, how the past historical information has shaped the modern History and Citizenship, leaves out minor details.	Learner examines limited detail, how the past historical information has shaped the modern History and Citizenship, leaves out major details.
Ability to explore the extent to which colonial system of administration has influenced the contemporary form of government in Kenya,	Learner explores to a greater the extent to which colonial system of administration has influenced the contemporary form of government in Kenya, with illustrations.	Learner explores to great the extent to which colonial system of administration has influenced the contemporary form of government in Kenya.	Learner explores to some the extent to which colonial system of administration has influenced the contemporary form of government in Kenya.	Learner explores to a small the extent to which colonial system of administration has influenced the contemporary form of government in Kenya.
Ability to explore the causes of migration, settlement and expansion of Linguistic groups,	Learner explores clearly all the causes of migration, settlement and expansion of Linguistic groups, while specifying each aspect with examples.	Learner explores clearly most of the causes of migration, settlement and expansion of Linguistic groups. While specifying most examples.	Learner explores clearly some of the causes of migration, settlement and expansion of Linguistic groups, while specifying some examples.	Learner explores very few the causes of migration, settlement and expansion of Linguistic groups, while specifying most examples.

15

Level Indicator	Exceeds Expectation	Meets Expectation	Approaches Expectation	Below Expectation
Ability to explore the extent to which colonial system of administration has influenced the contemporary form of government in Kenya,	Learner explores to a greater the extent to which colonial system of administration has influenced the contemporary form of government in Kenya, using specific examples.	Learner explores to a great the extent to which colonial system of administration has influenced the contemporary form of government in Kenya.	Learner explores to some the extent to which colonial system of administration has influenced the contemporary form of government in Kenya.	Learner explores to limited the extent to which colonial system of administration has influenced the contemporary form of government in Kenya,
Ability to analyse emerging issues that affect effective public participation and suggest appropriate solutions,	Learner analyses all details and cites examples of emerging issues that affect effective public participation and suggest appropriate solutions.	Learner analyses major details of emerging issues that affect effective public participation and suggest appropriate solutions.	Learner analyses details of emerging issues that affect effective public participation and suggest appropriate solutions omits fewer.	Learner analyses some details of emerging issues that affect effective public participation and suggest appropriate solutions omits major.
Ability to investigate into the best practices that promote sustainable public participation in Kenya,	Learner investigates using varied sources into the best practices that promote sustainable public participation in	Learner investigates using varied sources into the best practices that promote sustainable	Learner investigates using some varied sources into the best practices that promote sustainable public participation in Kenya.	Learner investigates using insufficient sources into the best practices that promote sustainable public participation in Kenya.

STRAND 2.0 THEMES IN AFRICAN HISTORY AND CITIZENSHIP

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
1.0 Themes in Kenyan History and Citizenship	2.1 Human Developments in Africa	By the end of the sub-strand, the learner should be able to: a) explain the factors that led to transition from migratory to sedentary lifestyle by early humans, b) analyse advancements that took place during the Neolithic revolution, c) examine the contributions of Neolithic revolution to the modern society, d) classify the characteristics of pastoralism in selected communities across Africa, e) devise solutions to challenges facing contemporary pastoralism in Africa, f) appreciate the advancements that took	The learner is guided to: - use digital/print materials to research on the factors that led to transition from migratory to sedentary lifestyle by early humans, and summarise main points, - investigate and present using power point/locally available resources, on the advancements that took place during the Neolithic revolution, - watch a documentary/search using print materials to establish the contributions of Neolithic revolution to the modern society and share the findings in class, - investigate the characteristics of pastoralism in selected communities across Africa	1. How did daily life change due to shifting from a nomadic lifestyle to a sedentary life? 2. Which factors influenced pastoralism in the pre-colonial period?

18

		place during the Neolithic revolution.	(<i>Maasai and Fulani</i>) and report the findings, - design charts/posters to develop solutions to challenges facing contemporary pastoralism in Africa, - debate on the advancements that took place during the Neolithic revolution.	
Core Competencies to be developed: - Digital literacy: the skill of Information Literacy is developed as the learner investigates and present using power point/locally available resources, on the advancements that took place during the Neolithic revolution, - Learning to learn: the skill of reflection and evaluation as the learner watches a documentary/searches using print materials to establish the contributions of Neolithic revolution to the modern society and share the findings in class.				
Values: - Responsibility: as the learner debates on the advancements that took place during the Neolithic revolution. - Unity: cooperation is enhanced as the learner design charts/posters to develop solutions to challenges facing contemporary pastoralism in Africa.				
Pertinent and Contemporary Issues (PCIs): Citizenship education: appreciation of cultural diversity, empathy, and responsible global as the learner investigates the characteristics of pastoralism in selected communities across Africa (<i>Maasai and Fulani</i>) and report the findings.				

19

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.0 Themes in African History and Citizenship	2.2 African Civilisations up to 19th Century	By the end of the sub-strand, the learner should be able to: a) examine the factors for growth and development of selected early civilisations in Africa, b) examine the significance of ancient African civilisations and their contributions to modern society. c) deduce how best practices from selected early Civilisations are applied in modern society, d) appreciate contributions of early civilisations.	The learner is guided to: • brainstorm on the development of selected early civilisations(<i>Aksum Empire , Wanga and Kingdom of Rwanda</i>)and make presentations, • discuss on the significance of ancient African civilisations and their contributions to modern society and share in class, • conduct investigations /use case studies/print sources into how best practices from selected early Civilisations are applied in modern society (<i>political, economic and socio-cultural</i> and write summary points using posters/charts or digital devices the contributions of early civilisations.	1. How do the early civilisations differ from the current leadership structure? 2. Why is it important to study early civilisations in Africa?
Core Competencies to be developed: • Citizenship: Global awareness skills as a learner discuss on the importance of ancient African civilisations to modern society, and displays the information learned,				

20

• Learning to learn: Organising own learning as a learner participates in activities that promote lessons and best practices from early civilisations to modern life.
Values: • Respect: sharing information as a learner discuss document using posters/charts or digital devices the contributions of early civilisations, • Unity: cooperation a learner participates in carrying out activities that promote best practices in the society.
Pertinent and Contemporary Issues (PCIs): Good Governance -as the learner brainstorms on the development of selected early civilisations.

21

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.0 Themes in African History and Citizenship	2.3 Colonization of Africa	By the end of the sub-strand, the learner should be able to: a) discuss the significance of the Berlin conference in relation to scramble for and partition of Africa, b) discern the extent to which different reasons influenced colonisation of Africa, c) evaluate how key players contributed to the colonisation of Africa, d) justify why the end of colonisation in Africa was necessary, e) appreciate the reasons behind the end of colonisation in Africa as a means to promote	The learner is guided to: - research on the significance of the Berlin conference in relation to scramble for and partition of Africa and present a summary; - engage with a resource person to identify key players and explain how they determined the colonisation of Africa (<i>Missionaries, explorers, European powers, Berlin conference, European and African leaders, Trading companies</i>); - use print and non-print materials find out information the extent to which different reasons influenced colonisation of Africa (<i>Socio-economic, political and strategic</i>) display in class, - compose poems/messages on the reasons behind the end of colonisation in Africa as a means	- How did Otto Von Bismarck fast-track the process towards scramble for and partition of Africa? - Why was colonialism unfair to Africans?

22

		a sense of national pride.	to promote a sense of national pride.	
Core Competencies to be developed: - Digital Literacy: research and analytical skills as the learner uses print and non-print materials find out information the extent to which different reasons influenced colonisation of Africa (<i>Socio-economic, political and strategic</i>) and display in class. - Communication and collaboration: team work skill as the learner work together to compose poems/messages on justification to end of colonization of Africa. - Citizenship: advocacy and awareness skills as the learner composes a poem or messages on the reasons behind the end of colonisation in Africa as a means to promote a sense of national pride.				
Values: - Social justice:- appreciates the need for inclusivity and fairness as the learner composes poems/messages on the reasons behind the end of colonisation in Africa as a means to promote a sense of national pride. - Respect: Cooperation as a learner engage with a resource person to identify key players and explain how they determined the colonisation of Africa.				
Pertinent and Contemporary Issues (PCIs): Citizenship Education: equity and non-discrimination as the learner discuss why colonialism was unfair treatment to the African.				

23

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.0 Themes in African History and Citizenship	2.4 Modern Nationalism in Africa	By the end of the sub-strand, the learner should be able to: a) explore factors that have influenced modern nationalism in Africa, b) draw lessons from key leaders who contributed to the rise of modern nationalism in African countries, c) exemplify best practices adopted by African nations to strengthen modern nationalism, d) acknowledge lessons from key leaders who contributed to modern nationalism in African countries.	The learner is guided to: - use digital/printed media to establish factors that have contributed to modern nationalism in Africa and present in class, - discuss lessons from key leaders who contributed to the rise of modern nationalism in African countries, (<i>Thomas Sankara, Desmond Tutu, Julius Nyerere, Anwar Sadat</i>) in African countries, - engage a resource person to give a talk on the best practices that have been adopted by African nations strengthen nationalism, and use case studies to make presentations, - use charts/posters to illustrate best practices that have been adopted by African nations to	1. How can you advance progressive modern nationalism? 2. Which factors speeded up nationalism in Africa? 3. What are the benefits of promoting non – violent nationalism practices?

24

			strengthen nationalism and share in class, document/prepare a video on best practices on modern Nationalism visible within the school/environment and share.	
Core Competencies to be developed: - Learning to learn: Sharing learnt knowledge as the learner discusses the lessons from key leaders who contributed to the rise of modern nationalism in African countries, - Creativity and Imagination: Self-Expression and strategic thinking skills document/prepare a video on best practices on modern Nationalism visible within the school/environment and share				
Values: - Patriotism: Citizenship as the learner demonstrates the best practices of modern African Nationalism in daily interactions - Unity: Cooperation as the learner brainstorm aspects of modern nationalism in Africa.				
Pertinent and Contemporary Issues (PCIs): Social -economic and environmental issues - Non -violent conflict resolution as the learner discusses lessons from key leaders who contributed to the rise of modern nationalism in African countries, (<i>Thomas Sankara, Desmond Tutu, Julius Nyerere and Anwar Sadat</i>) in African countries, - Ethical/racial relations and diversities as a learner documents/prepares a video on best practices on modern Nationalism visible within the school/environment and share.				

25

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
2.0 Themes in African History and Citizenship	2.5 Global Wars	By the end of the sub-strand, the learner should be able to: a) explore how global wars have affected Africa from the past to the present day, b) apply the lessons learned from global wars to build a better society c) enumerate strategies to safeguard African states from the negative impact of global wars, d) advocate for a world free of war to achieve sustainable peace	The learner is guided to: - Brainstorm examples of global wars, - research using digital devices, or locally available resources to examine how global wars have affected Africa from the past to the present day, economically, socially and politically (<i>World 1 and 2, Cold war, Gulf war, Russia and Ukraine</i>); <i>Present findings in class</i>, - watch a documentary/video clip on the lessons learned from global wars to build a better society, - share experiences on strategies (by UN and AU) to safeguard African states from the negative impact of global wars,	- Which strategies does the UN apply to discourage global wars? - How did Africa's involvement in global wars shape its political, social, and economic landscape? Provide examples from different regions. - In what ways did global wars contribute to the rise of liberation movements and independence struggles in Africa?

26

			compose songs/ poems/messages on a world free of war to achieve sustainable peace.	
Core Competencies to be developed: - Learning to learn: skill of Working collaboratively as the learners research using digital devices, or locally available resources the economic, social and political effects of global wars on Africa (World 1 and 2), Cold war, Gulf war, Russia and Ukraine); <i>Present findings in class</i> - Citizenship: national pride is enhanced as the learner share experiences on strategies (by UN and AU) to safeguard African states from the negative impact of global wars,				
Values: - Peace: Conflict resolution skills as the learner watches a documentary/video clip on the lessons learned from global wars to build a better society, - Responsibility: Critical thinking skills as the learner explore show global wars have affected Africa from the past to the present day. - Social Justice: Advocacy skills as the learner compose songs/ poems/messages on a world free of war to achieve sustainable peace.				
Pertinent and Contemporary Issues (PCIs): Peace Education: Promotion of social justice as the learner compose songs/ poems/messages on a world free of war to achieve sustainable peace.

STRAND 3.0 THEMES WORLD IN HISTORY AND CITIZENSHIP

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Themes in World History and Citizenship	3.1 American Revolution (1776)	By the end of the sub strand, the learner should be able to: a) assess how the enlightenment ideas of selected thinkers contributed to the American Revolution, b) classify how different factors led to the American revolution, c) deduce impact of the American revolution in the USA and other parts of the world, d) apply key lessons from the American Revolution to promote positive practices in daily interactions, e) embrace impact of the American revolution	The learner is guided to: - brainstorm on the meaning of enlightenment ideas, - use print or non-print learning resources to search how enlightenment ideas of selected personalities contributed to the American revolution, (Samuel Adams, James Otis, Thomas Paine and Thomas Jefferson), - use charts/posters to categorise how different factors led to the American revolution and display, (economic, social and political), - use the print/non print resources to search for the impact of the American revolution on the parts of the world (political, economic and social systems,) and make presentations, - investigate the key lessons from the American Revolution that	- Which factors had the greatest influence on the American Revolution? - Which other revolts were influenced by the American Revolution? - What was the main impact of the American Revolution on Europe?

30

		in the USA and other parts of the world.	promote positive practices in daily interactions and share findings in class, write an essay/compose a poem on the impact of the American revolution in the USA and other parts of the world.	
Core Competencies to be developed: - Learning to learn: searching for new ideas and analysis skills as the learner writes an essay/compose a poem on the impact of the American revolution in the USA and other parts of the world, - Citizenship: advocacy and positive criticism skills as the learner use print or non print learning resources to search how enlightenment ideas of selected personalities contributed to the American revolution - Self efficacy: self reflection and application of knowledge skills as the use the print/non print resources to search for the impact of the American revolution on the parts of the world (political, economic and social systems,) and make presentations.				
Values: - Social Justice: advocacy skill as the learner investigates the key lessons from the America Revolution that can enhance positive practices in daily interactions and share findings in class, - Integrity: ethical judgement and decision making skills as the learner use the print/non print resources to search for the impact of the American revolution on the parts of the world (political, economic and social systems,) and make presentations.				
Pertinent and Contemporary Issues (PCIs): - Socio-economic Issues: Equity and non-discrimination is applied as learner writes a short essay/ composes a poem and key messages on the impact of the America Revolution in society today. - Citizenship Education: Inter-ethnic-racial relations-respect for human rights as the learner write an essay/compose a poem on the impact of the enlightenment ideas in society.				

31

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Themes in World History and Citizenship	3.2 International organisations	By the end of the sub-strand, the learner should be able to: a) explain the importance of different categories of international organisations and their roles in global affairs, b) examine factors that strengthen ties among commonwealth countries, c) illustrate opportunities and challenges facing commonwealth nations; d) appreciate the importance of different categories of international organisations and their roles in global affairs.	The learner is guided to: • brainstorm the significance of different types of international organisations and exchange ideas, • discuss the factors that strengthen ties among commonwealth countries and use charts to present summary points, • carry out a research using print or digital materials to find out opportunities and challenges facing commonwealth nations, • create awareness messages for sharing on the importance of different categories of international organisations and their roles in global affairs.	1. Why are values important for sustainable relations among commonwealth nations? 2. Which activities can promote strong ties in international organisations?

32

Core Competencies to be developed:
• Learning to learn-the skill of sharing learnt knowledge as the learner discuss the factors that strengthen ties among commonwealth countries and use charts to present summary points. • Creativity and Imagination: as the learner will develop skill of analysis when creating messages for sharing on the importance of different categories of international organisations and their roles in global affairs.
Values:
• Respect : cooperation as the learner brainstorms with others on the factors that strengthen ties among commonwealth countries; • Love: skills of advocacy for peace and human rights will be developed as the as the learner creates awareness messages for sharing on the importance of different categories of international organisations and their roles in global affairs.
Pertinent and Contemporary Issues (PCIs):
• Socio- economic issues: global awareness as the learner discusses the factors that strengthen ties among commonwealth countries and use charts to present summary points, • Civic Responsibility: as the learner creates awareness messages for sharing on the importance of different categories of international organisations and their roles in global affairs.

33

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Themes in World History and Citizenship	3.3 Modern Slavery and Servitude	By the end of the Sub Strand, the learner should be able to: a) discuss various forms of slavery and servitude in the modern world, b) assess the factors that lead to slavery and servitude in the modern world, c) illustrate ways in which governments and civil society collaborate to end various forms of slavery and servitude in the society today, d) elaborate the roles of Abolitionist Movements since 18 th century to date, e) recognise the need to free the world from slavery and servitude.	The learner is guided to: - brainstorm on the difference between slavery and servitude in the modern world, - use the library to research on various forms of slavery and servitude and share in class, - use digital devices to search or watch on factors that lead to slavery and servitude in the modern world and discuss in groups, - engage with a resource person to establish ways in which governments and civil society collaborate to end various forms of slavery and servitude, - use charts/posters to present information on the roles of Abolitionists (<i>Olaudah Equiano, William Wilberforce Thomas Clarkso, Granville Sharp, Frederick Douglass, Harriet Tubman and Abolitionist</i>	What can you do to end slavery and servitude in the world?

34

			Movements (<i>Philanthropists, christian missionaries, traders and civil rights</i>) in the modern society and exchange views, compose a song/poem and sing/recite on the need to free the world from slavery and servitude.	
Core Competencies to be developed: - Critical thinking and Problem solving: the skill of Interpretation and inference as learner research on possible solutions to end slavery and servitude, - Self-Efficacy: Skill of effective communication skills as learner write an essay on possible solutions to end slavery and servitude				
Values: - Social Justice: Skills of upholding human dignity as the learner appreciates the need to end slavery and servitude. - Love: skills of empathy and compassion as the learner identify ways in which governments and civil society collaborate to end various forms of slavery and servitude in the society today.				
Pertinent and Contemporary Issues (PCIs): Social awareness skills as the learner compose a song/poem and sing/recite on possible solutions to end slavery and servitude and sing in school.				

35

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Themes in World History and Citizenship	3.4 Global Governance	By the end of the sub-strand, the learner should be able to: a) identify the guiding principles for global governance for a sustainable society, b) explore the need for global governance in addressing transnational challenges and their effective solutions, c) illustrate the key areas of global governance that help ensure stability in global trends, d) distinguish key organisations that play a role in global governance, e) explore emerging issues and possible	The learner is guided to: - research using print and non-print sources on the guiding principles of global governance (<i>sovereignty, equality, cooperation and rule of law</i>) - use charts to present information on the need for global governance to address transnational challenges like (<i>social, economic and political stability, industrial, environmental and technological</i>), - prepare slogans on the key areas of global governance that help ensure stability in global trends, and display in main points, - use digital or print media to research on key areas in global governance that guarantee stable global trends (<i>climate change and environmental protection, health, peace, and security</i>) and share, - watch documentaries on the key organizations that play a role in global governance, (<i>UN and AU and their</i>	1. Which activities are significant in promoting global governance? 2. What is the role of UN in fostering global governance?

36

		opportunities in global governance, f) recognise the need for global governance to address transnational challenges and their solutions.	agencies and regional organisations) and summarise their roles, - engage with a resource person to find out the emerging issues and opportunities in global governance (<i>environmental, technological, political, economic, and social</i>) and present the findings, - compose a poem and recite on the importance of good global governance.	
Core competencies to be developed: - Communication and Collaboration: The learner acquires skills of interaction when brainstorming on the guiding principles of global governance (<i>sovereignty, equality, cooperation, and rule of law</i>) - Creativity and Imagination: This is developed as the learners engage with a resource person to find out the emerging issues and opportunities in global governance (<i>environmental, technological, political, economic and social</i>) and present the findings.				
Values: - Responsibility: determination is enhanced as the learner carefully uses digital or print media to research on the importance of global governance and share. - Peace: Cultivating peace within oneself and resilience is demonstrated as the learner participates in engaging with a resource person to find out the emerging issues and opportunities in global governance (<i>environmental, technological, political, economic and social</i>) and present the findings.				
Pertinent and contemporary issues (PCIs): - Good governance: This is demonstrated as the learner acquires attributes of good governance through role play make presentations on guiding principles of global governance. - Environmental protection: Problem solving skills are demonstrated as the learners identify and resolve environmental issues through composing and reciting poems on the importance of good global governance.				

37

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
3.0 Themes in World History and Citizenship	3.5 The 1st Generation of Industrial Revolution (1760s to 1840s)	By the end of the sub-strand, the learner should be able to: a) compare the factors that led to industrial revolution in Britain and USA, b) assess the contributions of early inventions and machines during the 1 st phase of industrial revolution, c) discuss impacts of the 1 st phase of industrial revolution on Africa, d) appraise measures taken to address the impact of the 1 st Generation of Industrial Revolution on Africa, e) recognise the measures taken by the Africans to address the impact of the 1 st Generation of Industrial Revolution on Africa.	The learner is guided to: • brainstorm briefly, the characteristics of industrial revolution, • discuss similarities and differences in the factors that led to 1 st Generation of Industrial Revolution in Britain and USA and summarise key points, • use digital or print media to research on impacts (<i>positive and negative social, economic, and political</i>) of the 1 st Generation of Industrial Revolution on Africa, • watch a video clip or a documentary on measures taken to address the impact of 1 st Generation of Industrial Revolution on	1. How did the 1 st phase of industrial revolution under develop Africa? 2. How did the 1 st phase of industrial revolution contribute to colonization in Africa?

			Africa then discuss in class • compose songs/poems/ messages to elaborate on measures taken to address the impact of the 1 st phase of industrial revolution on Africa then discuss in class.	
Core competencies to be developed: - Self-efficacy: Effective communication skills are developed as the learners discuss the factors that led to the 1st generation of industrial revolution in Britain and USA. - Creativity and Imagination: innovative ideas as the learner generates new ideas through composing songs/poems/messages to elaborate on measures taken to address the impact of the 1st generation of industrial revolution on Africa.				
Values: - Responsibility: Self-drive is enhanced as the learners engage in assigned roles and duties by composing songs/poems/ messages to elaborate on measures taken to address the impact of 1st generation of industrial revolution on Africa, then discuss in class. - Unity: Cooperation is enhanced as the learner displays team spirit as they discuss the factors that led to the 1st generation of industrial revolution in Britain and USA,				
Pertinent and contemporary Issues (PCIs): Equity and non-discrimination:- As the learners search for information on the social impact of the 1 st generation of industrial revolution.

STRAND 4.0: THEMES IN CONTEMPORARY HISTORY AND CITIZENSHIP

Strand	Sub Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
4.0 Themes in Contemporary History and Citizenship	4.1 Peace and Conflict transformations in Kenya	By the end of the sub-strand, the learner should be able to: a) identify national activities that promote peace in Kenya for harmonious living, b) examine ways in which the Constitution (2010) strives to prevent conflicts in Kenya, c) deduce incidences where the constitution has been applied to foster peace and curb conflicts in a community, d) desire to uphold peace and curb conflicts in Kenya.	The learner is guided to: - hold a discussions to identify national activities that promote peace in Kenya and share in class, - engage a resource person/watch a documentary/watch a video clip on ways in which the Constitution (2010) strives to prevent conflicts in Kenya (<i>between the national and devolved governments, organs of government and citizens</i>), - research on incidences where the constitution has been applied to foster peace and curb conflicts in a community and summarise main points on charts/posters,	1. What are the benefits of a peaceful nation? 2. How do you promote peace and conflict transformation in the community? 3. Which values do citizens of Kenya need to promote peace co-existence? 4. Which institutions in Kenya are entrusted with the responsibility of ensuring peace prevails?

43

			role play different situations on how to uphold peace and curb conflicts in Kenya.	
Core Competencies to be developed: - Critical thinking and problem solving: as the learner holds a discussion to identify national activities that are used to promote peace in Kenya, - Communication and collaboration: Listening skill as the learner engage a resource person on ways in which the Constitution (2010) strives to prevent conflicts in Kenya;				
Values: - Peace : Diligence as the learner researches on incidences where the constitution has been applied to foster peace and curb conflicts in a community and summarise main points on charts/posters - Unity: as the learner role plays how to uphold peace and curb conflicts in Kenya in different situations.				
Pertinent and Contemporary Issues (PCIs): - Social cohesion as the learner holds a discussion to identify national activities that to promote peace in Kenya and share in class; - Peace education: as the learner acquires attributes of promoting peace through engaging a resource person/watch a documentary/watch a video clip on ways in which the Constitution (2010) strives to prevent conflicts in Kenya.				

44

Strand	Sub-Strand	Specific Learning Outcomes	Suggested Learning Experiences	Suggested Key Inquiry Question(s)
4.0 Themes in Contemporary History and Citizenship	4.2 Digital Citizenship technology	By the end of the sub-strand, the learner should be able to: - explain the major historical milestones in the history of communication and technology, - analyse factors that led to evolution of communication and technology up to 20th century, - evaluate the impact of evolution of communication and technology in developed and developing nations up to 20th century, - propose solutions to challenges that faced the evolution of communication and	The learner is guided to: - use digital or print resources to trace major historical milestones in the history of communication, (<i>Prehistoric to Ancient Times, Classical to Medieval Period, Renaissance to Enlightenment, Industrial Age, 20th Century: and Late 20th to 21st Century: Digital & Internet Age</i>) and share in class, - engage a resource person in a discussion on the factors that led to evolution of communication and technology upto 20th century, - use case studies explain the impact of evolution of communication and technology in developed and developing nations,, - use a chart /a poster to identify solutions to challenges that faced the evolution of communication and technology up to 20th century,	How has the technological revolution evolved over time?

45

		technology up to 20 th century, e) appreciate the impact of evolution of communication and technology in developed and developing nations.	(social, technological ,legal. Environmental, economic, ethical and political), • design key messages on the impact of evolution of communication and technology in developed and developing nations..	
Core competencies to be developed: - Critical thinking and Problem solving: The skill of active listening and identifying solutions as the learner engage a resource person in a discussion on the how the rise of the internet has transformed communication globally. - Digital literacy: The skill of utilising digital devices as the learner design strategies for using communication tools to promote socio-economic change (on issues such as climate change, employment inequality, and human right),				
Values: - Respect: Open mindedness is enhanced as the learner design key messages on the solutions to the challenges evolution of communication and rise of internet in the society today, - Integrity: accountability skill is developed as the learner use digital or print resources to trace major historical milestones in the history of communication, (the development of print media, broadcasting, and digital communication technologies)and share in class.				
Pertinent and contemporary issues (PCIs): Safety and security: Online safety is demonstrated as the learners create and interact on the online platform.				

46

Strand	Sub strand	Specific learning outcomes	Suggested learning experiences	Suggested Key Inquiry Question(s)
4.0 Themes in Contemporary History and Citizenship	4.3. Equity and non-discrimination (8 lessons)	By the end of the sub strand the learner should be able to: a) analyse factors that promote equity and non-discrimination in the society, b) identify historical injustices in the society that promote inequality and discrimination in the society, c) develop measures that promote equity and non-discrimination in the society, d) desire to promote equity and non-discrimination in the society.	Learner is guided to: • discuss the factors that promote equity and non-discrimination and present in class, • use print or digital resources to research on historical injustice in the society that promote inequality and discrimination and write a report, • use flashcards/charts to develop measures that promote equity and non-discrimination in the society and display them in class, • involve learners to participate in activities that curb inequity and discrimination in the society.	How can we eradicate inequality and discrimination in society?
Core Competencies to be developed: - Learning Learn: as the learner uses print or digital resources to research on historical injustice in the society that promote inequality and discrimination and write a report - Communication and collaboration: teamwork skill as the learner brainstorm the factors that promote equity and non-discrimination and present in class				

47

Values: • Respect: Skill of diversity and inclusion is enhanced as the learner brainstorms the factors that promote equity and non-discrimination and present in class appreciating each other's opinion. • Social Justice : inclusion as the learner use flashcards/charts to develop measures that promote equity and discrimination in the society and display them in class
Pertinent and Contemporary Issues (PCIs): Social-economic and environmental issues • Online safety: as the learner use digital resources to research on historical injustice in the society that promote inequality and discrimination. • Social cohesion: as the learner participate on activities that curb inequality and discrimination in the society

48

SUGGESTED ASSESSMENT RUBRIC ON CONTEPORARY THEMES

Level Indicator	Exceeds Expectation	Meets Expectation	Approaches Expectation	Below Expectation
Ability to examine ways in which the Constitution (2010) strives to prevent conflicts in Kenya.	Learner examines ways in which the Constitution (2010) strives to prevent conflicts in Kenya in detail.	Learner examines ways in which the Constitution (2010) strives to prevent conflicts in Kenya.	Learner examines some ways in which the Constitution (2010) strives to prevent conflicts in Kenya.	Learner examines a way in which the Constitution (2010) strives to prevent conflicts in Kenya.
Ability to deduce incidences where the constitution has been applied to foster peace and curb conflicts in a community.	Learner deduces incidences where the constitution has been applied to foster peace and curb conflicts giving all examples.	Learner deduces incidences where the constitution has been applied to foster peace and curb conflicts.	Learner deduce some incidences where the constitution has been applied to foster peace and curb conflicts.	Learner deduce very few incidences where the constitution has been applied to foster peace and curb conflicts.
Ability to identify historical injustice in the society that promote inequality and discrimination.	Learner identifies all historical injustices with explanations in the society that promote inequality and discrimination.	Learner identifies historical injustices in the society that promote inequality and discrimination.	Learner identifies some historical injustices in the society that promote inequality and discrimination.	Identifies very few historical injustices in the society that promote inequality and discrimination.
Ability to analyse factors that led to evolution of communication and	Learner analyses all the factors that led to evolution of communication and	Learner analyses all the factors that led to evolution of communication and	Learner analyses most of factors that led to evolution of communication and	Learner analyses few of the factors that led to evolution of communication and
